

# Exit Survey - Commons Study

## Statement of Rights (Informed Consent) and Project Description:

We are conducting a study to assess the value of library resources and services in the Commons in Hodges Library. The purpose of this study is to understand which services students use in the Commons and how valuable those services are to them in their daily lives at the University. We greatly appreciate your participation in this survey. Your identity will be known only to researchers during the survey process. Responses to the survey will be collected and reported in aggregate. No identifying information will be associated with the responses once reported.

**Return of this survey constitutes your consent to participate in this survey and that you are 18 years of age or older.**
